

Basel Dayeh

MOBILE APPLICATION DEVELOPER

Linkedin | +962776664217 | baseldayeh@gmail.com | Github | Portfolio

Summary

Junior Mobile Developer bridging the gap between elegant UI/UX design and robust functionality. Proficient in Flutter, Firebase, and Figma. Looking to apply my Computer Science foundation and passion for user-centric development to deliver seamless digital experiences within a dynamic tech environment.

Skills & abilities

- **Mobile Development:** Flutter, Dart, State Management (Bloc, Provider), API Integration.
- **Backend & Cloud:** Firebase (Authentication, Realtime Database, Cloud Storage).
- **Tools & Design:** Git/GitHub, Figma (UI/UX Design & Prototyping).
- **Soft Skills:** Problem-solving, Adaptability, Continuous Learning, Attention to Detail.

Education

University Of Jordan, BC Computer Science

Sep 2021-Sep 2025

Technical Workshops & Seminars | University of Jordan

- **Technical Workshops:** Attended industry-led sessions on Flutter and UI/UX design.
- **Professional Development:** Participated in career readiness and tech innovation forums.

Projects

Pro Order | Mobile Ordering System & Admin Dashboard

March 2026 – Apr 2026

- Built an ordering app and admin dashboard to streamline product and order management.
- Integrated real-time sync between app and dashboard for efficient inventory control.

JU-Scooter | Campus Electric Scooter Rental App

Apr 2025 – June 2025

- Developed a mobile app enabling students to easily locate and rent campus electric scooters.
- Designed UI prototypes in Figma and built a responsive frontend architecture using Flutter.

Experience

Flutter Development Intern | Dot Jordan

Dec 2025 – Apr 2026

- Developed scalable mobile applications utilizing Flutter, Dart, Firebase, and REST API integrations.
- Streamlined application deployment by implementing CI/CD pipelines for automated delivery.

Front-end Web Development Intern | Classera

Apr 2025 – Jul 2025

- Developed a responsive Admin Dashboard using HTML, CSS, and Js for data management
- Built clean and efficient front-end interfaces for internal web-based management systems.
